**August 17, 2022: Bhashan Kala - Grade VII - VIII:**

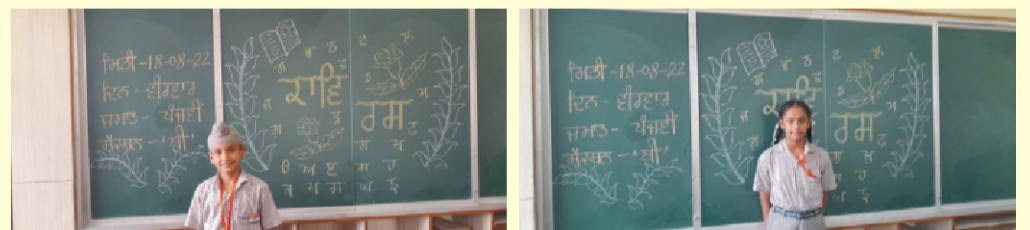

**"Knowledge of languages is the doorway to wisdom."**

'Bhashan Kala', a Punjabi speech activity, was conducted for the students of Gr VII-VIII, where the students had to deliver speeches on varied topics. The eloquent manner in which the students articulated their speeches was highly praise worthy. The students, through the activity, learned how essential it is to communicate in an organised and coherent manner to convey their thoughts and ideas to the listener. Besides being the best way to work on the communication skills of students, such activities also play an important role in the personality development of the students.

**August 18, 2022: Mathizza - Grade VII - VIII:**

Maths is found everywhere and in everything. Even in the pizza we eat. Students of Gr VII-VIII learnt and understood the concept of fractions at a deeper level by conducting activity illustrating fractions. 'Mathizza', an activity aimed at getting a stronger grasp of fractions, was conducted for the students. The students participated in teams and shared their knowledge and understanding to make this activity a success. It not only rooted firmly their concept of the maths topic but also worked on their team work, planning and organisational skills.

**"Patriotism is merely a religion love of country, worship of country, devotion to the country's flag and honour and welfare."**

To mark two important and auspicious occasions of our country, Independence Day and Janmashtami, a special assembly was organised by the students of Gr-VII. The two occasions set the stage for heightened patriotism and religious fervour. The students kicked in the programme with a hair-raising rendition of patriotic songs. The mash-up captured the complete essence of the completion of 75 years of our great country. Students were taken back to pre-Independence era through a performance depicting the struggles of our freedom fighters which was followed by an enthralling play acting out the birth of Shri Krishna. The programme concluded with yet another patriotic rendition by the School choir.

August 22, 2022: Little Gems Role Play - Grade I - II:

**"There are many roles you can play in life, but there is one role that is more important than any: to be YOURSELF."**

A role play activity Little Gems was conducted for Gr I II students to celebrate our country's Independence Day. The tiny tots enacted the roles of our freedom fighters by using different props associated with them to bring more life to the roles they played. The activity brought to the fore the acting skills of our junior Mindtreeans and also helped them to open up more in front of an audience. Children shed their inhibitions and participated with full zeal and fervour and had a great time.

## EDUCATORS' CORNER

May 23, 2022: Workshop on Teaching Strategies:

Teaching strategies play a crucial role in the learning process of the students. Teachers have their own teaching style but may also adopt a range of teaching methods depending on the individual needs and abilities of the pupils. In order to equip the teachers with the different strategies that can be employed in the classrooms, a workshop was conducted at the school. The School Principal addressed the gathering and conducted the workshop. She stressed on the need to study the target group and try to align the teaching methodology accordingly for effective learning processes. Teachers shared their own strategies and experiences for the benefit of the others. It was a highly beneficial session and the teachers walked out with renewed passion and energy after the session.

July 23, 2022: Capacity Building Workshop:

Keeping in mind the indispensable position of Child Psychology in today's education, a teachers' workshop was conducted at Mind Tree School. The workshop was orchestrated by Mr. Prabhat. The interactive session emphasized the need to reflect upon the various aspects of Child Psychology and Classroom Management. It focused on enhancing the social behaviour among students and to increase their academic engagement. The workshop comprised varied activities that gave teachers an opportunity to cogitate from a different perspective. The activities prompted the teachers to address children's emotional and behavioural development. The workshop encouraged the teachers to accentuate the children's abilities and to generate a positive learning environment in the classroom.
