### December 10, 2025: Trip to Choki Dhani - Grade III:

School trips play an essential role in a child's overall development. They take learning beyond the four walls of the classroom and create opportunities for students to explore, observe and experience the world firsthand. Keeping in mind, a trip to Chokhi Dhani was organised for the students of Grade III. The kids were fascinated by the traditional welcome, complete with tilak and dhol beats. The camel ride gave them a glimpse into traditional village transportation. The puppet show and magic show kept them mesmerized, with many laughing and clapping along. The delicious Rajasthani meal was an experience in itself. Authentic dishes gave the children a taste of traditional cuisine. This trip was not only a fun outing but also a meaningful cultural experience that helped them understand and appreciate the richness of Indian heritage.
