ACHIEVEMENT

October 04, 2024: - Mind Tree Scholars Illuminate the World Scholar's Cup Regional Stage.

"Greatness is not in reaching the summit but in the courage to climb."
– World Scholar's Cup

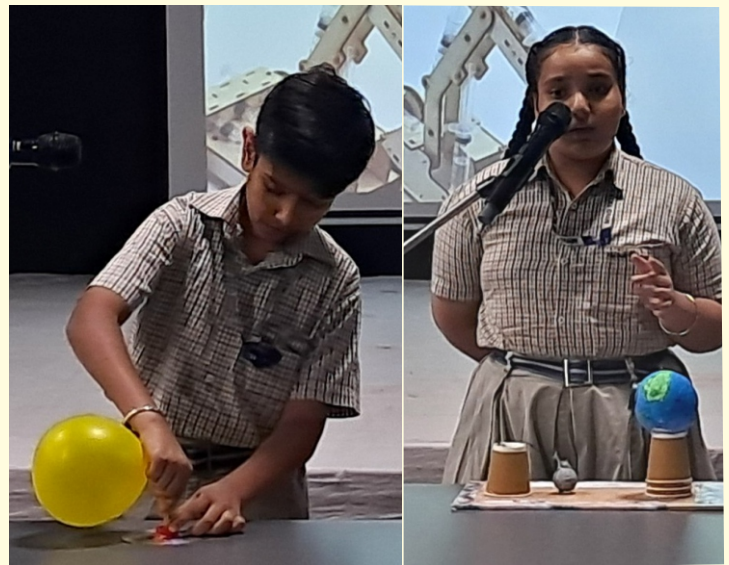

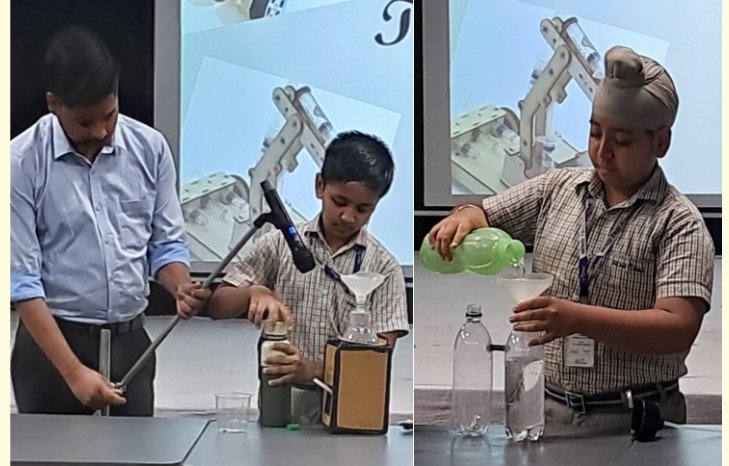

On the 4th and 5th of October 2024, the scholars of Mind Tree School embarked on a journey of intellectual discovery at the World Scholar's Cup, Regional Round - Delhi, held at Maxfort School, Dwarka. Competing against 26 esteemed schools, our Junior and Senior teams emerged triumphant as Global Qualifiers, securing their path to the coveted Global Round.

Their brilliance shone brightly across challenging events like Team Debate, Scholar's Bowl, Collaborative Writing, and the Scholar's Challenge. Displaying mastery in diverse fields such as Science, History, Literature, Art & Music, and Social Studies, they amassed an impressive collection of gold and silver medals, along with acclaimed trophies.

A standout moment was the exceptional performance of Adviti Bharti Gupta, our Head Girl, who was crowned Debate Champion in the senior category. Her eloquence and intellect earned her the rare privilege of presenting an impromptu debate during the grand closing ceremony.

This remarkable feat is a testament to our students' perseverance, teamwork, and boundless pursuit of excellence. As they ascend to the global stage, their journey inspires us all, proving that true greatness lies in daring to dream and striving to achieve!

Young Innovators Showcase Scientific Brilliance - Grade V:

Science Tinker Fest was organised for the students of Grade V. The event aimed at sparking curiosity and promoting a deeper understanding of key scientific concepts among students. The event provided the students with the opportunity to display their projects creatively; enabled them to apply theoretical knowledge to real-life scenarios. The Director Principal Ms Sudha Mathur praised the event, describing it a 'celebration of young minds exploring the wonders of science.' The fest was a success, fostering a deeper passion for science and reinforcing the dedication of school to holistic learning, with a newfound appreciation for the magic of scientific discovery.

October 09, 2024: Mind Tree Innovators Make Their Mark at Youth Ideathon 2024!

"True leadership is defined by the courage to innovate."

We are proud to announce that three remarkable teams from Mind Tree School have achieved a place in the Top 500 of the Youth Ideathon 2024, India's largest platform for school students focused on innovation and entrepreneurship. This prestigious milestone earned our students the honour of attending an award ceremony at IIT Delhi on October 9, 2024, one of the nation's leading institutions for technology and innovation. As part of this notable accomplishment, each of the Top 500 teams received a Prototype Development grant of INR 1,000 to advance their inventive projects. This recognition fills our school with pride and fuels our young innovators to explore and expand their creative and entrepreneurial potential. We extend our warmest congratulations to these teams and wish them tremendous success in Round III of the Youth Ideathon 2024. Keep reaching new heights and inspiring everyone around you!

October 26, 2024: Techno Buzz Quiz: Celebrating Computer Knowledge- Grades IV-V:

Mind Tree School hosted the Techno Buzz Quiz for Grades IV and V, where students tested their knowledge of computers and technology. Students demonstrated great enthusiasm and understanding as they answered a variety of questions. We are pleased to announce the winners:

Winning Team Members	
IV	Atharv Mehta - C, Avyansh Bhola - C, Aradhya Bansal - C, Advik Gupta - C

November 06, 2024: Assembly on 'The Basics of Financial Literacy – Understanding money, savings, and budgeting' - Grades VIII-X:

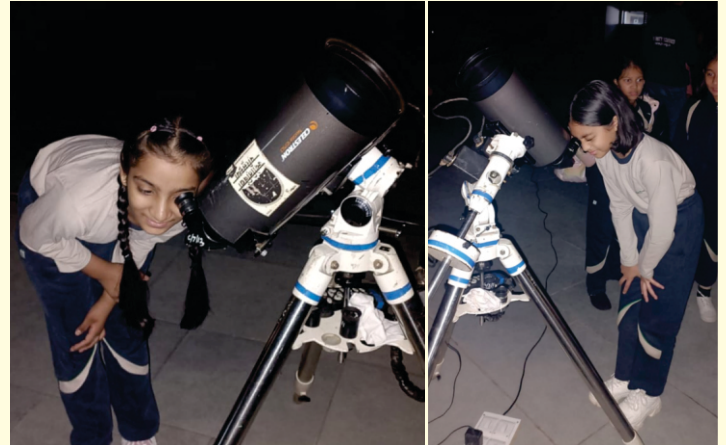

Introducing financial literacy at a young age equips students with the knowledge to manage their finances effectively. Reva Bhasin of Grade IX D highlighted that skills such as creating budgets, recognising the importance of saving, and making informed spending decisions are crucial for achieving financial goals and avoiding unnecessary debt. Sanvi of IX D expanded on this by stating that financial literacy transcends mere money management; it's about making conscious decisions that lead to overall financial well-being.

November 07, 2024: Assembly on 'Dowry Prohibition' - Grades IV-V:

The dowry system involves the transfer of parental property, wealth, or gifts from the bride's family to the groom's family upon marriage. Hrihaan of V C propelled his thoughts on the dowry system and advocated for a multifaceted approach to eradicate this social evil. Aradhya of V C presented a compelling speech that delved into the historical context of the dowry system, its adverse effects on individuals and communities, and the legal measures in place to combat it. The highlight of the assembly was a heartfelt poem recited by Inayat of V C, capturing the emotional and societal impact of the dowry system.

November 07, 2024: Stargazing Night-A Magical Night Under the Stars: Grades IV-V:

Mind Tree School hosted an unforgettable Star Gazing Camp for Grades IV-V. The programme commenced with an engaging astronomy session. The event organisers—Mr Atharva Pathak, Mr Sarang Vandana, and Mr Devashish Sarnaik were graciously welcomed by Grade IV students Aarohi Jain, Jai Krish Bansal, and Adit Bhandari, who extended their gratitude on behalf of the school. The experts then captivated the students by unravelling the mysteries of constellations, planets, and the universe. Their interactive presentations and quizzes ignited curiosity, making the wonders of the cosmos both accessible and inspiring for the students.

November 08, 2024: Exploring the Cosmos- A Night of Discovery: Grades VI-VIII:

The evening began with an enthralling session on astronomy that captured the imagination of all present. The event organisers—Mr Atharva Pathak, Mr Sarang Vandana, and Mr Devashish Sarnaik were greeted with great enthusiasm by Grade VI students, Aditi and Medhansh Goel who conveyed their sincere appreciation on behalf of the entire Mind Tree School Community. The experts delved into the captivating world of celestial bodies, working out the secrets of constellations, planets, and the vast expanse of the universe. Through lively presentations and engaging quizzes, they sparked curiosity and encouraged a deeper understanding of the cosmos, leaving students inquisitive and eager to explore more.

November 12, 2024: Assembly on Interesting Numbers – Highlighting Fascinating Numbers in Mathematics - Grades VI - VII:

We all know that numbers are everywhere—they help us count, measure, and solve problems. But some numbers are so special, they seem to have a magic of their own. Vihaan Madan of Grade VII D began by sharing how these "special" numbers appear across various branches of mathematics, from geometry to algebra, and even in nature and art. Raghav Malhotra of Grade VII D added that some numbers follow patterns that continue forever, while others are simply "one of a kind." Aadvik Jindal of Grade VII D then discussed the significance of Zero, emphasizing that without it, we wouldn't have the number system as we know it. Aarav Bansal and Bhavika Bhaskar of Grade VII D thoughtfully explained that zero is the foundation of place value and makes essential arithmetic operations like addition, subtraction, and even multiplication possible. Rimisha of Grade VII D took the assembly on a fascinating journey into the world of imaginary numbers. Prisha Jain of Grade VII D expanded on this by sharing that imaginary numbers are used in fields like engineering, physics, and computer science to model complex systems. Finally, Pavani Rastogi of Grade VII D concluded by saying that numbers are not just symbols on a page—they have stories to tell and help us understand the world around us.

November 13, 2024: Assembly on 'World Kindness Day' - Grades VIII -X:

Our school gathered to celebrate the World Kindness Day, a special occasion dedicated to spreading kindness and positivity within our school community and beyond. Nitya from X A shared her heartfelt thoughts on the power of kindness, describing it as "a ripple in a pond." She stated that even the smallest acts, whether helping a friend with their homework or simply smiling at someone can make a significant impact. Navya Jain, also from X A, urged everyone to make kindness a daily habit, noting that it doesn't just benefit the receiver but also brings joy and fulfilment to the giver.

November 14, 2024: Children's Day-Celebrating Joy, Creativity, and Togetherness:

Children's Day at our school was a joyous occasion filled with laughter, fun, and unforgettable memories. The day was dedicated to honouring the spirit of childhood with a variety of exciting activities, fun games, and more. The day was a delightful reminder of the energy and enthusiasm that our students bring to school every day. It was a celebration of childhood, brimming with joy, learning, and a sense of unity.

November 16, 2024: Unveiling Haryana's Heritage – An Educational Journey to Kurukshetra-Grade V:

Mind Tree School embarked on an insightful trip at Kurukshetra, exploring iconic sites such as the Kurukshetra Panorama and Science Centre, Sri Krishna Museum, and Dharohar Cultural Museum. The excursion offered a vivid exploration of Haryana's rich cultural, archaeological, and architectural heritage. This unique journey sparked a newfound curiosity and a profound respect for the treasures of the past.

November 16, 2024: Exploring the Rich Culture of Rajasthan -A Trip to Chowkidhani, Panchkula - Grade IV:

Our visit to Chowkidhani was a wonderful opportunity for Grade IV students to immerse themselves in the vibrant culture and heritage of Rajasthan. This unique cultural village beautifully showcases the region's traditions, arts, and cuisine, offering a firsthand experience of what makes Rajasthan so special. The trip was completed with a delicious Rajasthani feast. The bold and aromatic flavours offered the students a true taste of the region's culinary traditions. They had a great time exploring the rich culture and diverse heritage of Rajasthan, gaining valuable insights that brought the traditions of the region to life.

November 19, 2024: Assembly on 'International Men's Day' - Grades VI-VII:

The school community came together to observe International Men's Day, a day dedicated to recognising the positive contributions of men to society while also encouraging discussions about their well-being and equality. The assembly began with a thoughtful message by

Vaibhav of Grade VI A, who highlighted how this day provides an opportunity to value the diverse roles men play in our lives, from being caregivers and mentors to leaders and innovators. Sonanshi of Grade VI D spoke about the importance of acknowledging men not just for their achievements but also for their resilience and emotional strength. Varun Chauhan of Grade VI A delved into the broader purpose of the day, underlining the need to create an environment where men feel supported in expressing themselves and stepping beyond traditional expectations. Ansh Aggarwal of Grade VI D shared insights that helped the audience gain a deeper understanding of the importance of fostering respect, equality, and support for everyone, regardless of gender.

November 20, 2024: Assembly on 'Importance of English in Global Communication' - Grades VIII-X:

In today's interconnected world, the ability to communicate effectively across borders has become more important than ever. Ashmit Verma of X B shared his perspective on how English has become a universal language, bridging cultures and bringing people closer. Vidya of Grade X B presented her talk, focusing on how English fosters understanding and collaboration in a multicultural world.

November 22, 2024: Assembly on Alternatives of fossil fuels - Grades IV-V:

Fossil fuels play a critical role in powering our modern world, and their significance was the focus of an informative assembly held at our school. Saanvi Aggarwal of IV A expressed her views on how fossil fuels, such as coal, oil, and natural gas have been the backbone of industrial progress and spoke about their importance in our daily lives. Vrihaan Anand and Aranya of IV A spoke about the challenges associated with fossil fuels, discussing their environmental and economic impact. The assembly concluded with a beautiful poem recited by Myra of IV A which creatively summed up the discussion and encouraged the audience to think about conserving energy.

November 26, 2024: Assembly on 'The Mystery of the Bermuda Triangle' - Grades VI-VII:

The Bermuda Triangle, a mysterious region in the North Atlantic Ocean known for the unexplained disappearances of ships and aircraft, was the focus of a captivating assembly held at our school. Raghav Aggarwal of Grade VI D introduced the topic by describing the eerie phenomenon, highlighting how numerous vessels and planes have vanished under mysterious circumstances while travelling through the area. Jaanya Keswani of Grade VI D then elaborated on the various scientific studies which suggest that the release of methane gas from the ocean floor could contribute to these incidents, offering a more rational perspective on the mystery.

November 28, 2024: Assembly on 'Why do we Have Dreams When we Sleep?' - Grades IV -V:

Dreams have always fascinated people, sparking curiosity about their origin and purpose. Somya Puri of Grade IV B offered a thoughtful perspective on the nature of dreams. "Dreams are a way for our brain to process emotions, memories, and experiences," she stated. Saujas of Grade IV B delved into the scientific side of dreams, explaining the different stages of sleep and their connection to dreaming.

A refreshing one-day excursion to the serene Shivjot Farms, Panchkula was organised for the students of Grades VI-VII. The day was a tapestry of excitement, featuring activities like zip-lining, rope walking, bamboo balancing, roller ball, and commando net. From energising adventures to shared moments of joy, the trip created cherished memories for everyone involved.

November 30, 2024: Adventurous Escapades: A One-Day Adventure Excursion - Grades IX-X:

November 30, 2024: Learning Through Adventure: A One-Day Adventure Excursion - Grades VI -VII:

Mind Tree School organised an exhilarating one-day adventure trip to Golf Course for the spirited students of Grades IX and X. The day unfolded with a series of adrenaline-pumping activities, including zip-lining, rope walking, bamboo balancing, roller ball, sky cycling, tug of war and navigating the commando net. This adventure proved to be a perfect blend of a spirit of camaraderie, thrill, and unforgettable experiences.

December 03, 2024: Assembly on 'International Day of People with Disabilities' - Grades VI - VII:

Grade VI D marked the International Day of People with Disabilities with an insightful and inspiring session that left a lasting impact on the school community. Siya Pahuja, shed light on the significance of inclusivity and understanding in society. The talk was followed by a powerful thought of the day presented by Arnav Jain.
