September 27, 2018: Workshop on Legal Literacy Camp - Grade X:

Though we are citizens of India sometimes, we aren't aware of the rights and duties that have been enshrined in our constitution. To give us a glimpse of one such entitlement i.e. free legal aid, a workshop was organised in Mind Tree School for the teachers and the students of Grade X. It informed students about free legal aid that can be sought from the District Legal Services Authority. The enriching workshop was conducted by Mr Danish Gupta (Chief Judicial Magistrate). It encompassed a multitude of aspects ranging from 'Who is entitled?' to 'How can it be availed?'

*"The workshop was very useful as none of us knew that free legal aid can be availed free of cost by people who cannot afford it. We are definitely going to spread this information."*

Gaurish Batra - Grade X A

**September 29, 2018: 'Prism 2018' - Episode 08 - Tribute to Shaheed Bhagat Singh:**

**“Bombs and pistols do not make a revolution. The sword of revolution is sharpened on the whetting-stone of ideas.” - Bhagat Singh**

Shaheed Bhagat Singh Committee recently organised a function on the occasion of 111th birth anniversary of the great revolutionary Bhagat Singh. Students from Mind Tree Theatre Academy, under the mentorship of Shivani Kharbanda, presented a play on the theme of 'Women Empowerment'. It brought to the surface the evils that are afflicting our society even today and inspired students to fight back. I am sure that these little efforts by our children will go a long way, and will bring about the desired change in society.

**October 01, 2018: Storytelling Session by Ms Deeptha Vivekanand:**

In an effort to polish storytelling skills in students, a storytelling session was conducted by the renowned storyteller, Deeptha Vivekanand. Presenting tales from India and Africa, she made the students paint imaginary pictures by using animal sounds, mimicry, rhythm and repetition. A variety of stories such as 'Swami and his Uncle', 'The Hairy Spider' and 'The Traveller from Kabul' were narrated. It was definitely a treat to watch our young audience burst into laughter at her antics and expressions. Our budding storytellers are sure to take home many tricks on how to make a story more lively and interactive.

*“I am enthralled by the wonderful stories narrated by Deeptha ma'am. I am sure I'll become a storyteller.” Jasmanpreet Kaur - VIII A*

**October 02, 2018: Talk on Gandhi Jayanti:**

**“Freedom is not worth having if it does not include the freedom to make mistakes.” - Mohandas Karamchand Gandhi**

M.K. Gandhi's legacy of truth and non-violence lives on for over 70 years even after his death. His universal teachings continue to inspire people around the world. Followers and admirers eulogise him on his birthday and in day- to-day life. Anhad Kaur of Grade V A

paid tribute to this hero through her speech. Jasmeet Kaur of Grade VIII B kept the audience engrossed by reciting a poem about calm and composed Mahatma Gandhi. Students of Grade VII A also presented a play based on the principles of cleanliness laid by M.K. Gandhi.

**October 04, 2018: Talk on J.K. Rowling:**

**“I do believe something very magical can happen when you read a good book.”**

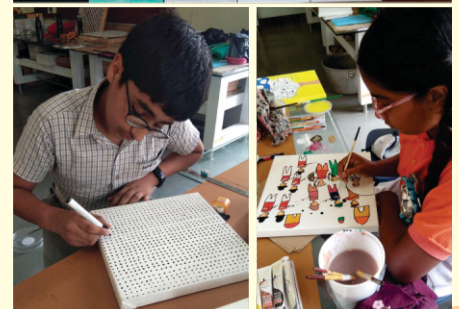

**- J.K.Rowling**

Anshika Madan of Grade VIII A informed that J. K. Rowling is a woman who is known as the symbol for love of literature. She is an author who will live on forever through her stories which have changed the lives of many people all over the world. She gives the readers across the world, a home away from home. She has created a magical world so vast and wonderful that children feel that they are a part of it. She has sparked imagination and inspired dreams and aspirations of children and adults alike.

**October 02 - 05, 2018: Painting Workshop on Mahatma Gandhi:**

A painting workshop was organised in Mind Tree School on the occasion of 'Gandhi Jayanti' wherein the students of Grade VI to X discussed the thoughts and ideologies of 'Bapu' with the resource persons, Mohan Shingne and Rajni Shingne. Adding aesthetic values to these ideals and beliefs, the students displayed their extraordinary artistic skills. Like pieces in a puzzle, the individual creative contribution of the students was put

together to form a painting as a tribute to the 'Father of our Nation'. This workshop not only enlightened them with the perspectives of Gandhiji's beliefs and outlook but also enhanced their knowledge about the freedom struggle.

*"We learnt to draw and paint but more important is that we learnt about the ideologies of this great Mahatama."* Maanas Sehgal - VIII C

**October 04, 2018: Odissi Dance Workshop:**

A seven-day workshop on 'Odissi Dance' was conducted by renowned dancers Bishwa Bhushan Mohapatra and Dr Lalit taught the disciples various 'abhinayas' and 'mudras' associated with dance. The danseuse brought out the exquisite grace of Odissi dance through his great performance of 'Pallavi'. The presentation of 'Devi Shakti Durga' left the audience speechless. The workshop and performances widened the cultural knowledge of the students and the teachers.

Pranavi Salwan and Navya Jain of Grade VI B discussed with the students about the most ancient language (i.e. Sanskrit) of the world which documents a history of around 3500 years. They revealed that this language is believed to be the most systematic and technical one and it's still in use for ceremonial and religious purposes.

**October 06, 2018: Macramè Workshop:**

In order to germinate the seeds of art and aesthetism in the students of grade 8, 9 and 10, an art and craft workshop emphasising the 'Ancient Arabic Macramè' was organised in the school by Lalit. The week-long workshop which began on 31 August 2018 encompassed intricate patterns and knotting techniques. The end result was beautiful textile pot-hangers, hanging-tables, wall-hangings and dream-catchers. Macramè is a sophisticated and pains taking art,

but under the skilled and expert guidance of Dr Lalit, the students made beautiful geometric designs.

*"It was learning by doing. We all made wonderful works of Art that amaze us till date."* Tanvi Mittal - X B

**October 08 to 12, 2018: Workshop on Motivating Children to Become Thinkers!:**

Life Skills and their impartment has become an integral part of Mind Tree learning environment. In the modern world, the challenges that a child faces are different from what we, the teachers and the parents faced in our times. Hence, the importance of an effective Life Skills Programme cannot be denied. Keeping this in mind, Mind Tree School recently organised Life Skills Sessions for students of Grades IV and V. Based on the P4C module (Philosophy for Children module), this one of a kind programme aims to strengthen thinking skills of children. The two resource persons Padmanabh and Akshay, along with our teachers, shared stories and "Thought of the Day" so that the students could ponder over the themes discussed.

*"With the practical learning of developing thought process, I hope and believe that I will be able to bring about a positive change to the society."* Jahanvi Nayyar - VB

**October 06, 2018: Experiment Extravaganza:**

On the previous PTM students of Mind Tree School came together to demonstrate an experiment extravaganza. Their broad knowledge of the scientific

concepts gave them a chance to engage in multiple senses of both practical and theoretical understanding of the subject. It was, indeed, a treat for the parents to witness.

## EDUCATORS' CORNER

### October 08 to 12, 2018: A Life Changing Workshop for Teachers:

Mind Tree School recently organised a five-day long workshop from 8th to 12th October, 2018 for the teachers and transformed them into facilitators. The purpose of this workshop was to create a culture of thinking by developing a community of enquiry. The resource persons Padmanabh and Akshay who came all the way from Pune adopted a very profound yet simple module that helps introduce thinking in groups of people in a non-intimidating fashion.

The teachers were trained for the P4C module (Philosophy for Children module) to help them delve deep into the psyche of the child, and make him or her think by providing a stimulus for the same.

*"It was truly an enriching experience for us. We learnt so much. In fact, I think I was able to analyse that rather than telling children what to do, it is better to make them think what needs to be done. The experience can't be put into words."* Parul Jain - Faculty

### October 08 to 11, 2018: Re-awakening the Thinking Process in Parents:

Mind Tree School also organised a workshop for parents, wherein

the facilitators Padmanabh, Akshay and Atul Gopal explained to all the parents about their vision and how 'Thinking Through Philosophy' programme is going to be implemented in Mind Tree School over the years. This programme works to develop the Thinking Ability, Emotional Quotient (EQ) and Spiritual Quotient (SQ). During this session, the resource persons not only apprised the parents of their plans, but also tried to explain how thinking generates responsible individuals. Through various activities and stories, the parents were made to think how thinking can actually change lives!

### November 30, 2018: 'Tech-Talk' by Dr Stephan K Thieringer:

Mind Tree School organised a 'Tech-talk' for teachers, keeping in mind the growing demand of technology in education. Incorporation of technology in the field of education is relatively new, but it surely has a bright future and that's what our resource person Dr Stephan K. Thieringer explained to our faculty. Dr Thieringer, a US-based business thinker and a renowned personal innovation strategist is a successful serial entrepreneur and CEO of 'The Human Innovation Garage'. Dr Thieringer is the recipient of the prestigious 2012 World Education Award for 'Visionary Leadership in Impacting Economic Development' and '1992 Malcolm Balridge Award' with Ritz Carlton Hotels. Dr Thieringer, in his talk, enlightened our faculty how technology can bridge the gap between teaching impact and fun. He clarified how Automation and Artificial Intelligence will complement teaching, and it is in no way a replacement for teachers.

*"We consider ourselves really fortunate to have got this opportunity to interact with such an eminent person as Dr Thieringer."*
