2.	Child-Parent-Teacher Dialogue Day (PTM)	IV - VIII March 23

Mind Tree School recently held its annual function with great enthusiasm and splendour on December 2, 2023. The event was graced by Dr. Anuradha Yadav, a distinguished luminary in the medical realm and a parent, and the revered presence of Ms. Neelam Ohri, the Principal of Mind Tree School, Sector 1, who embodies the spirit of the institution and has led it to success through her unwavering dedication and tireless efforts.

The highlight of the day was a performance titled 'Pablo's Dilemma' directed and scripted by Ms. Aparna Nanda. The play explored the contemporary dilemma faced by a fictional character named Pablo. It delved into issues related to social acceptance, peer conformity, and excessive screen time. It served as an evocative mirror reflecting contemporary societal ethos and sparked an insightful discussion on the intricate interplay between passion, technological allure, and personal metamorphosis.

The Grade 7 students of Mind Tree School, Group A & B, left the audience spellbound with their incredible performance in the annual function. We extend our heartfelt congratulations to these young talents for their outstanding showcase.

**September 30, 2023: Special Assembly on Gandhi Jayanti:**

Mahatma Gandhi, affectionately known as our venerable Bapu, stands as an enduring role model for all. His profound lessons on leading a simple yet purposeful life have tremendously influenced the character of Indians, instilling the core value of Ahimsa. As a tribute, a special assembly took place at Mind Tree School, Panjokhra. Here, students passionately echoed Gandhiji's wisdom through poetry, speeches, and patriotic melodies. In a commemorative gesture befitting the significance of Gandhi Jayanti, Mayank of Grade IX and Diya of Grade VI with grace and reverence, urged the school community to embrace Mahatma Gandhi's lessons of nonviolence and civil rights. Samreet and Vansh, both from Grade VIII, stepped up to share their insights through eloquent speeches, adding depth and perspective to the event. In a captivating performance, Aradhya and Jahnavi from Grade VI recited an articulate English poem that resonated deeply in the hearts of the audience. Simarleen, a student in Grade VI delivered a heartfelt Hindi poem. Mind Tree Rockers gave a mesmerising musical performance and enthralled the audience with their electrifying show. The entire school celebrated the day with reverence and promised to follow the path shown by the great Mahatama.

**September 30, 2023: Extempore Competition (English) - Grade VI - VIII:**

Mind Tree students are avid readers and this is reflected when they get an opportunity to speak in public. The competition was enlightening as it showcased the vocabulary and thought process of the pupils. The winners are:

	1st	2nd	3rd
VI	Simarleen Kaur - D	Abhay P Singh - A Nayonika Singh - B	Anhad Kaur - B Devishee - C Vihan Bansal - D
VII	Divyanoor K Dhindsa - B	Yajur Mathur - A Anmol Manchanda - D	Akshaj G Agrawal - A Aasma Bakshi - C
VIII	Aanya Sharma - D	Ananya Biswas - C	Navdeep Kaur - A Nimrit Saini - B

**September 30, 2023: Budding Scientists' Quiz - Grade VI - VIII:**

Quizzing is an art which is enjoyed by all students because here they can show off their intelligence and knowledge. Mind Tree hosts a string of quizzes for all levels of students to give them a platform where they can show their skill. Here, Grades VI to VIII students participated and enjoyed the quiz. The winning teams are:

Winning Team Members
VI - Naisha Bansal - A, Shreshth Sahni - B, Aiyra Jain - C, Aadvik Jindal - D
VII - Suvir Gupta - A, Aratrik Chaudhary - B, Ashutosh Tiwari - C, Ojaswi Jain - D
VIII - Saanvi Jain - A, Vardaan - B, Ruhin Jain - C, Sarthak Aggarwal - D

**October 3, 2023: Assembly on 'Acts of Kindness': Grade - VII:**

Acts of kindness are fundamental expressions of our shared humanity. They encompass a wide range of selfless actions and gestures, both big and small, driven by empathy and compassion.

These acts include helping a stranger in need, volunteering to support a cause, offering a listening ear, or simply sharing a smile. Anmol Manchanda of Grade VII D also shed light on the fact that absence of expectation for personal gain sets acts of kindness apart; they are performed solely to make someone else's life a little better. Aastha of Grade VII D too presented her views and agreed that these small acts have the power to uplift spirits, strengthen social bonds, and foster a sense of community, thus, making the world a more caring and harmonious place.

**October 5, 2023: Greed in Society - Grade V:**

Greed, characterised by the urge of acquiring more than what is needed, is man's biggest weakness. Blinded by the accumulation of materialistic possessions, greed not only hinders our holistic development but also affects the quintessential aspect of human life, and that is - simplicity. Portraying his views, Aarav Narang, a phenomenal orator, from V D presented a talk and was accompanied by Kritika from V D delivered a thought propounding the unintended ramifications of greed.

**October 10, 2023: The Three Rules that Help Me - Grade VI:**

Aradhya of Grade VI A gave insights on the subject of 'Three Rules in her Family and Their Impact' on her. Naisha of Grade VI A said that the three rules of her family are the cornerstones of her upbringing. They serve as guiding lights that shape her character and influence her daily behaviour. The first rule, 'Respect', instils kindness towards others and promotes empathy and harmonious relationships. Second, the rule of 'Accountability' has taught her the importance of fulfilling responsibilities, making her more organised and socially aware. The last rule, 'Open Communication' encourages honest expression of thoughts and enhances her speaking skills and conflict resolution abilities. These rules create a loving family environment and equip her with essential life skills. They guide her actions and decisions on a daily basis.

**October 11, 2023 : Assembly on 'How to Love a Subject You are Now Struggling With?'**

We all struggle in our school lives. Sometimes we stress over complex Algebraic problems or grapple with nerve wracking numericals or memorise historical dates. However, challenging the adversities and mastering difficult subjects with perseverance is the biggest accomplishment! Adviti Bharti Gupta and Riddhaan Sharma - two exceptional students, from IX B and IX A beautifully delineated the

significance of overcoming such challenges in everyday life. They were accompanied by Pranshu Prashar from IX A and Aradhya from IX B. It was indeed a thought-provoking assembly.

**October 12,2023: Assembly on 'Challenge is Fun' Grade IV:**

Challenges may seem daunting and overwhelming initially, but they are also an essential part of personal growth and

development. Stepping outside one's comfort zone and facing obstacles head-on can be incredibly rewarding and satisfying. Ayansh Jain of Grade IV A shared the thrill of overcoming a challenge, whether it's learning a new skill, achieving a difficult goal, or simply pushing oneself to do better. The sense of accomplishment that comes after confronting a challenge is unmatched. It can boost one's confidence and self-esteem. Aarav Yadav of Grade IV A concluded the assembly by saying that while challenges can be intimidating, they are also an exciting and fulfilling part of life that should be embraced with open arms. Vidisha of Grade IV A recited a poem on the same topic.

**October 17,2023: Assembly on 'Are Good Grades Enough?' Grades VI-VII:**

Blinded by the competition of acing the exams, students often tend to neglect the quintessential aspect of education. Acquiring knowledge is not just about impressing anyone but delineating that authentic passion towards learning and quenching one's urge of self growth. A person's demeanour, humility, ethics and most significantly his disposition truly expounds his personality. Accentuating the expertise of expanding our outlook, Nayonika Singh, a student from grade VI A presented an enriching talk. She was accompanied by Aarav Goel who was equally proficient in enlightening us with a thought on the same topic.

**October 18,2023: Assembly on 'Classroom Manners' Grade IX:**

In a classroom setting, it's important to be respectful to both your teachers and peers. Good manners involve being punctual, keeping your workspace tidy, following classroom rules, and creating a positive and productive learning environment for everyone. Highlighting the importance of suitable etiquettes in the classroom, Akarshi Bansal of IX-C presented a talk. She was accompanied by her fellow classmate, Harsh Verma, who exhibited a marvellous thought on the same topic.

**October 19, 2023: Assembly on 'Start the Day With a Good Thought' - Grade IV:**

Starting the day with a good thought is a simple yet powerful habit that can set the tone for a positive and constructive day ahead. Priti Gulati of Grade IV B shared that this practice involves intentional focus on a positive and uplifting idea, such as gratitude, kindness, or inspiration. Additionally, starting the day with a good thought can help you feel calm, centered and optimistic throughout the day this leading to overall well-being and happiness. Aaditya Kumar of Grade IV B shared a thought that we must make it a ritual to start our day with a positive thought.

**October 26, 2023: Assembly on 'Whatever You Are, Be A Good One' - Grade IV:**

"Whatever you are, be a good one" is a simple yet powerful message that encourages individuals to strive for excellence in their chosen paths. Veran Sethi of Grade IV C declared that whether we are leaders, followers, artists, or athletes, the key is to be the best version of ourselves and to make a positive impact on those around us. Everyone with food for thought that our actions and character matter, and that we have the power to make a difference in the world, no matter how small or seemingly insignificant our role may be.

**October 23, 2023: Gazing the Star Studded Firmament - Grades IV to X:**

The mesmerizing tapestry of a dark sky adorned with glistening stars stands as one of Mother Nature's most awe-inspiring masterpieces. Stars have forever captivated our imagination and curiosity providing our young stargazers with a delightful celestial experience. On the 20th and 21st of October, students had the privilege of observing the beautiful crescent moon alongside Saturn and Jupiter.

During this enlightening adventure, they also gained insights into celestial wonders such as the Pleiades star cluster (M45), the Andromeda Galaxy (M31) and various breathtaking constellations. Guiding our young astronomers were esteemed experts in the field, Sarang Vandana and Atharva Pathak hailing from Jyotirvidya Parisanstha, India's oldest association of amateur astronomers, who unveiled the hidden mysteries of the universe to our eager students.

**October 25, 2023: Assembly on 'Knowledge Itself is Power' - Grade IX:**

Hargunjeet Kaur of Grade IX D apprised the students in the morning assembly that the phrase "Knowledge itself is power" encapsulates a fundamental truth about the nature of knowledge. It suggests that the very act of acquiring and possessing knowledge carries with it an inherent strength and impact. Unlike other resources or commodities, knowledge is not depleted by use; instead, it grows and expands with each new insight gained. This power of knowledge is not just limited to its practical applications, but also extends to its transformative potential on individuals and societies. It empowers us to make informed decisions, challenges conventional wisdom, and contributes to the betterment of our communities. Anvi of Grade IX D through the thought exclaimed that knowledge is not just a tool for survival, but a force for progress and enlightenment.

**October 31, 2023: Assembly on 'Competition is Fun' - Grade VI:**

Diya & Sirjan Singh of Grade VI C through their talk and thought on the topic respectively, apprised the assembly that competition is an essential part of life that adds excitement, challenge, and motivation to various aspects of daily routine. Whether it's in sports, academics, or professional endeavours, competition encourages individuals to push their limits. Moreover, competition can also lead to the creation of new opportunities, as it drives innovation and progress in various fields. In short, competition is fun because it ignites passion, sparks creativity, and offers a chance to test one's skills against others.

**November 02, 2023: Assembly on 'Dreams Don't Work Unless You Do.' - Grade IV:**

Kridha Bansal of Grade IV D through the talk sent out a powerful reminder that achieving our goals and realising our aspirations

requires more than just wishful thinking. While dreams are essential for inspiring us and guiding us towards our desired aim, they are not enough on their own. To turn dreams into reality, we must take action, put in the effort, and persist through challenges. Ivana Balhara of Grade IV D with a thought apprised that dreams are only the destination, but it's the journey that counts. It's up to us to make the necessary steps towards our dreams and work tirelessly to bring them to fruition. Only then can we truly say that our dreams have come true. Siddharth Singh Chauhan also shared a short story on the topic.

**November 06, 2023: Inter School Skating Competition (Inline & Quad - Boys & Girls) - Grade IV & V:**

The much awaited inter-school skating competition came to a thrilling end with our school students emerging as the proud champions. The event, which saw the participation of several schools from the district, was a testament to the growing popularity of skating as a sport among youngsters. Our team, comprising of talented and determined skaters, left no stone unturned in their quest for glory. The competition was intense, with each team showcasing their skills and strategies. The final round was a nail-biting affair, with our team edging out their closest rivals by a narrow margin. We are proud to announce that our school has added yet another feather to its cap, and we congratulate our skaters for their hard work and dedication. The success of our team is a testimony to the quality of sports education imparted at our school, and we look forward to more such achievements in the future!

#### November 06, 2023: Budding Scientists' Quiz - Grade IV - V:

The quiz, aimed at testing the knowledge and skills of students in various scientific fields, received an awe-inspiring response from the students. The competition was fierce, with students vying for the top spot. Their impressive performance in all rounds, coupled with their ability to think critically and solve problems, earned them the coveted

title. The quiz served as a platform for students to showcase their scientific acumen and learn from their peers. We congratulate all the participants and wish them all the best for their future endeavours in science!

#### November 06, 2023: Story Writing Competition - Grade IV & V:

The story writing competition gave the students a platform to unveil their creativity and literary skills. After a rigorous evaluation process by the judges,

we are proud to declare the winners. We congratulate both the winners and all the participants for their hard work and dedication. Their stories promised to be an enriching and entertaining read for all.

#### November 07, 2023: Assembly on 'You are So Much stronger than your Excuses' - Grade VI:

Excuses are a common crutch that lazy people use to avoid taking action or facing challenges. However, what many fail to realize is that these excuses are hold them back from reaching out their full potential. The truth is, you are much stronger than your excuses. Excuses are often born out of fear, doubt, or a lack of belief in oneself. They serve as a shield to protect us from the discomfort and uncertainty that comes with taking risks and pushing beyond our comfort zones. But the reality is the only true obstacle standing between you and your goals is your own mindset. When faced with a challenge or setback, it's easy to fall into the trap of making excuses. Instead of viewing it as an opportunity for growth and learning, we may blame external factors or make self-deprecating statements. Aadya & Aadvik of Grade VI D through their talk and thought on the topic respectively guided everyone to reframe our mindset and focus on our own strength and resilience.

#### November 08, 2023: Assembly on 'Be so Good They can't Ignore You.' - Grade X:

Arshiya Garg of Grade X A recalled the mantra which works for aspiring individuals who want to stand out in their respective fields. The idea is simple yet powerful - if you are truly exceptional at what you do, people will take notice. It's not about seeking validation or recognition; it's about putting in the hard work, dedication, and passion to become the best at what you do. Ananya Choudhry of Grade X A reiterated with a thought that by consistently delivering outstanding results, you'll naturally attract attention and opportunities that come with being a top performer. So, strive to be so good that your talent and expertise cannot be ignored.

**November 21, 2023: Epochs Unveiled: Mind Tree School's Mythological Mastery on the Stage:**

Mind Tree School recently hosted a charismatic theatrical performance titled 'Agni' on November 21, 2023. Directed by Mr Rahul Sharma and presented by senior students, the play drew

inspiration from mythological tales and portrayed Jupiter as a ruthless dictator, with Prometheus enduring eternal torment for bringing fire to humanity. The stage decor and lighting, designed by Yogesh Jangra, added to the mesmerising backdrop. It enhanced the emotional performance. Raman and Aman Jediya composed the enchanting musical score, which added depth and resonance to the storytelling. The event was graced by esteemed guests, Mr Prashant and Dr Meeti Munjal from Tulsi Group of Institutions and Mr Kuldeep Saini from Info, Public Relations & Cultural Department, who contributed to the success of the event through their patronage. The evening celebrated artistic excellence and exhibited the dedication of students, faculty, and guests alike.

**November 21, 2023: Reverberating Emotions: Mind Tree's 'Ashvathama' Saga:**

Mind Tree School put on a captivating theatrical performance on November 21, 2023, featuring a play directed by Mr Rahul Sharma and performed by senior students. The play, titled "Ashvathama," explored tragic tales from mythology and moral dilemmas. The story centered around Ashvathama, a blinded character who embarked on the path of vengeance, only to be cursed by Krishna and condemned to eternal suffering. The stage decorations and lighting, designed by Yogesh Jangra, added to the ravishing atmosphere of the performance. The musical score was created by Raman and Aman JEDIYA, adding depth and resonance to the storytelling. The event was graced by esteemed guests, Mr Prashant and Dr Meeti Munjal from the Tulsi Group of Institutions and Mr Kuldeep Saini from the Info, Public Relations & Cultural Department, who contributed to the success of the event through their patronage. The evening served as a celebration of artistic talent, supported by the dedication of students, faculty, and the esteemed guests in attendance. Truly, it was a treat for our mind and soul!

**November 21, 2023: Assembly on 'Be the Change You Want to See in the World' - Grade V:**

The timeless mantra transcends generations, inspiring individuals to lead by example and enact positive transformations. By cultivating virtues of compassion, empathy, and resilience within ourselves, we become catalysts for a ripple effect of change. Ishita, Aditi & Seerat of Grade V A presented a talk and Bhavya of Grade V A recited a poem on the topic. It is not merely a call to action but a profound philosophy that beckons us to introspect and align our actions with the principles we wish to witness in the world. Aarohi of Grade V A gave an insightful thought that as members of this global community, we must embrace the power within us to be architects of a brighter future, actively contributing to a world that reflects the values we hold.

**November 21, 2023: Assembly on 'If you Think Someone could Use a Friend, Be One' - Grade VII:**

If you think someone could use a friend, be one' encapsulates the spirit of compassion that defines our interconnected human experience. It serves as a gentle reminder that amidst our own journeys, we possess the ability to make a difference in someone else's life. Dhruv N Bhushan of Grade VII A delivered a talk and guided the power of genuine friendship transcends barriers, offering solace,

understanding, and a shared sense of belonging. Divyanshi Chopra of Grade VII A through her thought exclaimed that we must embrace this ethos, fostering a culture of kindness within our school community, where every gesture of friendship becomes a stepping stone toward creating a supportive and nurturing environment for all.

understanding, and a shared sense of belonging. Divyanshi Chopra of Grade VII A through her thought exclaimed that we must embrace this ethos, fostering a culture of kindness within our school community, where every gesture of friendship becomes a stepping stone toward creating a supportive and nurturing environment for all.

**November 22, 2023: Assembly on 'It's Not What Happens to You but How You React to it That Matters' - Grade X:**

The profound wisdom encapsulated in 'It's not what happens to you but how you react to it that matters' underscores the importance of resilience and perspective in navigating life's twists and turns. Challenges are inevitable, but it is our response to adversity that defines our character. Pankhuri of Grade X B emphasised with a talk on the topic that by fostering a positive and adaptable outlook, we empower ourselves to overcome obstacles with grace and determination Nirpekshita of Grade X B imbibed the thought that as students navigate through the exciting journey of education, we should embrace this philosophy, recognising that our reactions shape not only our individual narratives but contribute to the collective resilience of our school community.

**November 23, 2023: Assembly on 'When you know your worth, no one can make you feel worthless' - Grade V:**

In the tapestry of self-discovery, the realisation of one's worth becomes a steadfast anchor against the tides of doubt and criticism. Raisha Dua of Grade V B, through her talk guided that in a world where external judgments may echo, understanding and valuing our inherent worth empowers us to stand tall and resilient. Aaravneet Singh of Grade V B gave a food for thought that this awareness should be a guiding light, fostering a community where each individual's unique worth is celebrated and respected.

**November 23, 2023: Kavita Path Pratiyogita - Grade IX-X:**

Kavita Path Pratiyogita, a celebration of poetic expression, beckons our creative spirits to weave words into a tapestry of emotions and ideas. This literary competition not only encourages linguistic finesse but also invites students to explore the depths of their imagination. The winners are:

The students from Mind Tree School left a lasting impression at the State Pickleball Tournament held by Police DAV Public School on October 7, 2023. They showcased exceptional skills, winning numerous gold, silver, and bronze medals in both singles and doubles categories. The tournament witnessed an outstanding display of talent, perseverance, and team spirit from our students, highlighting their dedication to both individual and collaborative success. Their achievements not only reflect their individual abilities but also demonstrate the school's focus on fostering holistic development among its students. Mind Tree School remains committed to promoting and supporting such sporting endeavours among its students, aiming for continued success in future competitions. Congratulations on your remarkable achievement!

**December 8, 2023: A Rising Dance Prodigy :**

Rudraveer Kapoor, a remarkable young dancer from Mind Tree School's Grade IV D secured the top position at the Hunar Season 5.0 Dance Competition, organized by the Folk Dance Group (FDA). Rudraveer's journey in the world of dance is filled with remarkable achievements that reflect his unwavering dedication and exceptional talent. He has showcased his skills on prestigious platforms like Street Dance India (SDI), and FDA. Mind Tree School is proud of Rudraveer's accomplishments and admires his unrelenting pursuit of excellence at such a young age. Keep shining, Rudraveer! Dance is the language of motion, and Rudraveer's movements speak volumes beyond words.

At Mind Tree School, we celebrate the budding talents in sports with great pride. Our athletes have been trained to compete fiercely, eat healthily, rest well, and ultimately win with utmost dedication. Recently, our exceptional players flaunted their skills at the Pickle Ball Championship organised by All India Pickle Ball Association in Ahmedabad from December 1 to December 3, 2023. Their hard work and perseverance during tough times have led them to achieve remarkable success. We are thrilled to announce that our students have won multiple gold and bronze medals in singles, doubles, and mixed categories. Kudos to these shining stars for their outstanding performance! Keep up the good work!

**December 09 & 10, 2023: Adventure Camp - Grade IV to X:**

The students embarked on an exhilarating journey at Mind Tree School, Panjokhra's Adventure Camp. The first day of this two-day event, tailored for Grades IV-X students, was filled with thrilling activities such as zip lining, horizontal crawl, zorbing, commando net, crossing bridge, magical maze, and tug of war. The students' boundless enthusiasm and joy showcased their deep engagement and delight, making the camp a resounding success. This memorable experience not only fostered camaraderie among the young adventurers and teachers but also instilled a acknowledgement for outdoor activities. It was undeniably a day packed with excitement, adventure, and unforgettable moments!

## EDUCATORS' CORNER

November 3, 2023: 13th National Ceramic and Terracotta Sculpture Camp:

Mind Tree Artistry and Revelation of Beauty: 13th National Ceramic and Terracotta Sculpture Camp, 2023

The 13th National Ceramic and Terracotta Sculpture Camp, held from October 26 to November 6, 2023, at Mind Tree School's Panjokhra Wing, was an enchanting display of artistic talent. Curated by the renowned artist Mohan Shingane, this event brought together a group of distinguished sculptors and artists, including Shitanshu G Maurya, Chandrashekhar Koteswar, Anwar, Rajesh Ram, Shampa Shah, and G Raghu. The artists explored the infinite possibilities of ceramic and terracotta sculpture during this two-week period. The resulting artworks ranged from traditional to avant-garde styles, showcasing a stunning interplay between form, texture, and conceptual innovation. This artistic journey not only enriched the students but also deepened our appreciation for the boundless potential of these mediums.

*"Terracotta is like magic! I made a little figurine, and the whole process was like playing with magical mud. It was messy but so much fun. I want to try making more things with clay!" Varnika VII A*

*"The tactile joy of molding terracotta was surprisingly therapeutic. I crafted a whimsical sculpture that brought a smile to my face." Avya VII A*

*"The delicate dance with clay allowed me to sculpt a miniature world, and I discovered the art of patience and precision." Navya IX A*

*"Terracotta whispered secrets as I moulded it into a vessel of beauty. The workshop unveiled the artistry within the seemingly ordinary clay." Araisha Arora IX A.*
