EDUCATOR'S CORNER

September 6, 2011 : Workshop by Deblina Chakarboty: Our educators are updated on the latest developments in the field of education by organizing workshops from time to time on varied topics. This time the resource person was Ms. Deblina Chakarboty from Asset (Assessment of Scholastic Skills through Educational Techniques.) Various methods of testing knowledge, techniques of framing questions and ways of proper assessment were discussed.

" The foundation stones for a balanced success are honesty, character, integrity, faith, love and loyalty."

This was proved true by two of our class IV employees, Mrs. Saroj and Mr. Pankaj, who submitted a diamond ring which they had found on the stairs to the Principal . The ring was eventually returned to the parents. We are proud of our sincere and dedicated staff members. We request the parents to ensure that children do not bring such expensive articles to school .
